

I have been an XM Customer for 3 years and have enjoyed every aspect of the experience from music to news. You see I live in rural America and we do not have very many radio stations that reach out here. What news we can receive from XM can be very helpful. It is this reason that I ask you to reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I need and deserve. Thank you
